Wi-Fi Baby Camera

Day/Night Cloud Camera

Product Highlights

Transform Your Mobile Device Into a Baby Monitor¹

Whether you're at home or away at work, you can conveniently watch over your baby on your iPhone®, iPad®, or Android™ mobile device

mydlink Baby App

The free mobile app gives you effortless access to advanced features like two-way audio, notifications, snapshots and more

Perfect at Home or While Away

Place your camera anywhere in your home or take it with you. Keeping an eye on your baby has never been easier.

Keep an eye on your little one with the DCS-700L Wi-Fi Baby Camera, no matter where you are. This portable camera transforms your mobile device into a versatile, yet easy to use baby monitor. Connect to the camera wirelessly or over the Internet so you can check on your infant no matter where you are. It includes a wide array of features to help you care for your child, including instant push alerts, motion and sound detection and built-in night vision. It can even play gentle lullabies to help ease your baby to sleep!

Peace of Mind Anywhere, Anytime

The Wi-Fi Baby Camera is specially designed to make it easy for you to care for your baby. It's versatile all-day monitoring turns on night vision automatically when it gets dark, giving you a clear picture day or night so you can keep an eye on things anytime. It's perfect for use in the home, or even when you're away; it's mydlink-enabled, which means that you can check on your baby remotely over the Internet.

Sophisticated Technology Helps Keep You Informed

The Wi-Fi Baby Camera alerts you to specific events such as detected movement or loud noises, allowing you to check in on your little one immediately. Not only can you see and hear your infant, with the free mydlink Baby App you can also comfort your baby with the sound of your voice through the built-in speaker.

Features

- Infrared night vision that turns on automatically when it gets dark
- 802.11n wireless lets you place the camera virtually anywhere²
- Can be powered by an external USB battery³
- 5 soothing lullabies built-in
- Interchangeable accent color rings

Intelligent Baby Monitoring

- Sound detection alerts you of loud noises, such as your baby crying
- Motion detection lets you know if the camera detects movement
- Notifications can be sent to your mobile device for detected events
- Two-way audio lets you hear your baby and allows you to respond and calm your child

Convenient Control From Your Mobile Device

- The mydlink Baby app helps you set up your device and gives you easy access to all functions.
- The free mydlink Baby app is available for iPhone, iPad and Android devices

Perfectly Portable for Instant Monitoring Anywhere

In addition to normal home usage, you can also take the Wi-Fi Baby Camera with you when traveling with your child, even when there is no available Internet connection. Just connect your mobile device to the Wi-Fi Baby Camera's wireless network for instant local monitoring, making it perfect for family vacations or just visiting friends. You can even connect it to an external USB battery³ for total portability!

mydlink™ Baby App

Getting started is a snap! The free mydlink Baby app for iPhone, iPad and Android mobile devices not only guides you step-by-step through the setup process, but also gives you an easy to use interface for all the advanced features of the Wi-Fi Baby Camera. Check on your baby at a glance, pinch to zoom in and out with ease, or play one of five gentle lullabies to soothe your child. You can even take snapshots and video clips and save them directly to your mobile device! ⁴
