

Existing Network > New Network

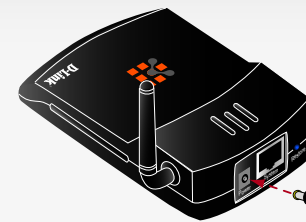

QUICK INSTALL GUIDE MODEL: DGL-3420

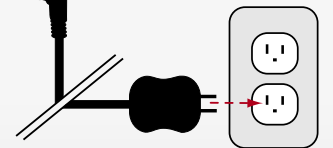

Hardware Installation

1

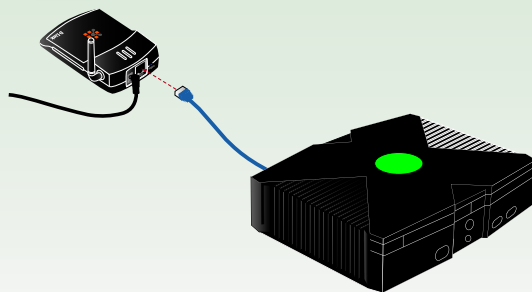

Connect the power adapter to your D-Link Gaming Adapter and to a power outlet.

Xbox® Users

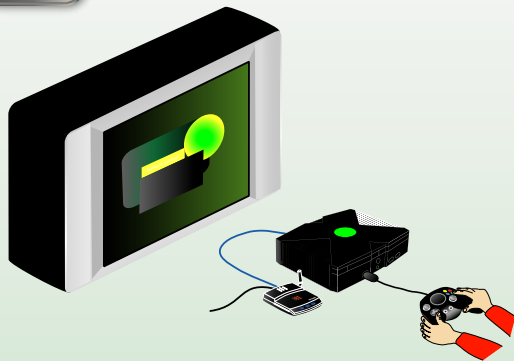

2

Connect the Ethernet cable from your Xbox® to your D-Link Gaming Adapter.

3

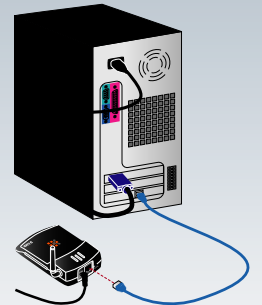

Start your Xbox® and run the network setup wizard to complete your installation.

Other Game Console Users

2

Connect an Ethernet cable from a computer to your D-Link Gaming Adapter.

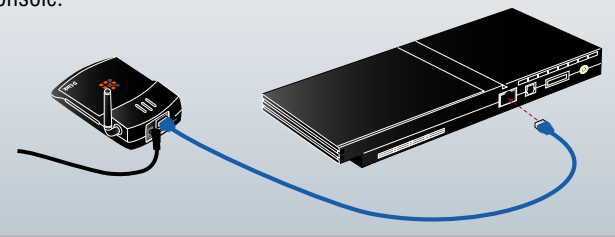

3

Open your Web browser and enter **http://192.168.0.30** in the Address field. Hit Enter and the D-Link Gaming Adapter web-based management interface will appear. Run the Setup Wizard to configure your Gaming Adapter.

Address

4

Disconnect the Ethernet cable from the computer and connect it to your gaming console.

Installation is complete. For additional information and troubleshooting tips, please refer to the User Manual on the CD-ROM.

Support

D-Link's website contains the latest user documentation and software updates for D-Link® products. D-Link® provides free technical support for customers within the United States and Canada for the duration of the product's warranty period. Please refer to the user manual on the CD-ROM and the Help section in the Gaming Adapter's web-based management interface for support. U.S. and Canadian customers can contact D-Link® Technical Support through our website or by phone.
