

Create a secured Wi-Fi Hotspot instantly

Add storage to your mobile devices with a connected USB drive

Share and stream media to your mobile devices

Charge your mobile devices on-the-go

## SharePort™ Go II

N300 Portable Router and Charger

### Product Highlights

Multiple operation modes: Mobile Router and Wi-Fi Hotspot

Transform any public Internet connection into a secured, personal wireless network

Stream and share your media from any connected USB drive or SD card

Sleek, pocket-sized design

8-Hour rechargeable battery provides on-the-go charging for your smartphones and tablets

### Versatile On-The-Go Networking

The DIR-508L SharePort Go II makes it easy to keep all your devices connected to the Internet no matter where you are; just connect your devices to its wireless network, and the SharePort Go II takes care of the rest. Connect it to your broadband modem or wired hotel connection to share it wirelessly. You can even connect it to a Hotspot to provide instant access for all your devices.

### Mobile Power Station

The SharePort Go II features a built-in high-capacity 4000 mAh rechargeable battery that not only powers the device itself, but also keeps your gadgets charged and ready to go. Never again worry about your smartphone losing power without an outlet nearby – simply plug your device into the USB port to recharge. You can even charge power-hungry devices like iPads, all from a compact device that fits in your pocket.

### Features

- Multiple Operation Modes - Mobile Router and Wi-Fi HotSpot Modes
- IEEE 802.11n/g/b Compliant<sup>1</sup>, up to 300Mbps
- High capacity 4000 mAh rechargeable battery

- SharePort® Mobile App for iPhone®, iPad® and Android® mobile devices
- File access and media streaming through mydlink™ SharePort App for iPhone®, iPad® and Android® devices
- QRS Mobile App for iPhone®, iPad® and Android®
- Supports WPA, WPA2 Wireless Encryption
- Wi-Fi Protected Setup (WPS) Push Button
- Active Firewall
- PC and Mac Support
- 1-Year Limited Warranty<sup>4</sup>

### Package Contents

- SharePort™ Go II (DIR-508L)
- 4000 mAh Li-ion battery
- MicroUSB Cable
- Quick Install Guide

### Minimum Requirements<sup>7</sup>

Computer with:

- Window 7<sup>®5</sup>, Windows Vista<sup>®5</sup> or Windows® XP SP2<sup>5</sup>, Mac OS X (v10.7)
- Internet Explorer® 7, Mozilla® Firefox®, Google Chrome or Safari 4
- 20MB Hard Disk Space
- Network Interface Card

### Access Your Files – Anytime, Anywhere

Connect a USB flash drive to create your own personal Cloud storage space that you can access anytime through the mydlink SharePort app. Plug in a USB hard drive to stream your library of videos and music to your smartphone or tablet, giving you access to all your favorite media without filling up your mobile device's limited storage space. You can even access your files over the Internet, making it easy to retrieve what you need when on the road.

### Wirelessly Expand your Smartphone and Tablet Storage

The SharePort Go II adds portable, wireless storage to your iPhone, iPad and Android devices, giving you more capacity for your favorite media without taking up precious space on your device. Just plug in a USB drive to instantly access and share your favorite movies, music, and photos – it's that simple!

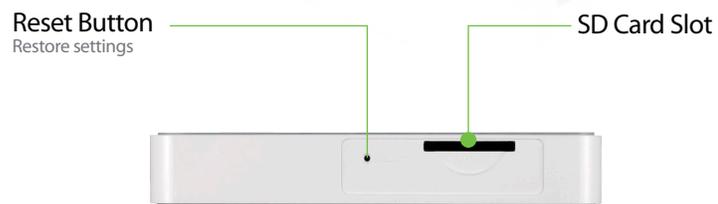

### Easy to Set Up, Easy to Use

The QRS Mobile app for iOS and Android mobile devices makes setting up the SharePort Go II a snap, no technical knowledge required! Just turn on the SharePort Go II, connect to it wirelessly with your mobile device, and the QRS Mobile app will guide you step by step through configuration of your device. A clean, user-friendly web interface gives you an easy way to further customize and configure your SharePort Go II.

## Technical Specifications

### Standards

- IEEE 802.11n/g/b, up to 300 Mbps
- IEEE 802.3
- IEEE 802.3u
- USB 2.0

### Internet Modes

- Mobile Router Mode
- Hotspot Mode

### Device Interfaces

- Wireless LAN
- WAN 10/100 Ethernet port
- WPS button
- SD card slot
- Power Mode switch: On, Off, Charger Mode
- USB 2.0 host port for USB storage and charging other devices
- MicroUSB port for charging the DIR-508L
- Reset button

### LEDs

- Power/Status
- Battery status

### Antenna Type

- Internal antennas

### Wireless Frequency Range

- 2.4 GHz to 2.4835 GHz

### Power Input

- Built-in 4000 mAh Li-ion rechargeable battery
- Input:
  - 5 V DC, 1.5 A via included power adapter
  - 5 V DC, 900 mA max. via USB cable
- Output: 5 V DC, 1 A via USB port

### Security

- WPA™ & WPA2™ (Wi-Fi Protected Access)
- Wi-Fi Protected Setup (WPS) - PIN/PBC

### Device Management

- User-friendly web UI

### mydlink SharePort Features

- Accepts USB storage drives up to 250 GB
- mydlink SharePort app support (iOS, Android)
- Remote Access Mode: Access files through the Internet
- Offline Access Mode: Access files from any device connected to the DIR-508L
- SharePort Web File Access support (Web browser)
- Offline Access Mode: Access files from any device connected to the DIR-508L
- DLNA Media Server

### Advanced Features

- QRS Mobile app support (iOS, Android)
- Guest Zone support
- IPv6
- UPnP support
- Wi-Fi WMM Quality of Service (QoS)

### Advanced Firewall Features

- Network Address Translation (NAT)
- Stateful Packet Inspection (SPI)
- MAC address filtering

### Temperature

- Operating: 32° to 104°F (0° to 40°C)
- Storage: (-4° to 149° F (-20° to 65°C)

### Humidity

- Operating: 10% to 90% non-condensing
- Storage: 5% to 95% non-condensing

### Certifications

- FCC
- UL
- DLNA
- Wi-Fi Certified

### Dimensions

- 4.9" x 2.3" x 0.8"  
(124.0 x 59.0 x 19.8 mm)

### Weight

- 0.42 lb (190.5 grams)

### Warranty

- 1-Year Limited Warranty<sup>4</sup>

<sup>1</sup> Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic and network overhead, lower actual data throughput rate.

<sup>2</sup> The attached devices must have CAT5 or above Ethernet cable.

<sup>3</sup> 24/7 Basic Installation Support is available only in the USA for the first 30 days from date of original purchase.

<sup>4</sup> 1-Year Limited Warranty available only in the USA and Canada.

<sup>5</sup> Computer must adhere to Microsoft's recommended System Requirements.

<sup>6</sup> D-Link cannot guarantee full compatibility or proper playback with all codecs.

<sup>7</sup> Minimum Requirement is for upgrading firmware.

References to speed and range are for comparison purposes only. Certain conditions and factors, including USB storage capacity and speed, video quality, and file source may affect performance. Product specifications, size and shape are subject to change without notice, and actual product appearance may differ from that depicted herein.
