

# Quick Install Guide

## mydlink Network Video Recorder

Thank you for purchasing the DNR-322L mydlink Network Video Recorder (NVR). Follow the easy steps in this guide to properly set up your NVR. Please verify that all the following package contents are available.

### Package Contents

-  DNR-322L mydlink Network Video Recorder
-  Cable holder
-  CAT5 Ethernet Cable
-  Power Adapter
-  CD with drivers and software

If any of the above items are missing, please contact your reseller.

DNR-322L

### Minimum Requirements

- One or Two 3.5” SATA Hard Drive(s)
- PC with Pentium 4 – 2.4GHz or above; at least 512MB RAM
- Internet Explorer 7 or above
- Existing 10/100/1000 Ethernet-based network
- Broadband Internet Connectivity
- Existing network camera(s)

### Installation

#### Step 1:

Connect the included Ethernet cable to the Ethernet port located on the rear panel of the DNR-322L and attach it to your network (via router or switch).

#### Step 2:

Attach the supplied power adapter to the power connector located on the rear panel of the DNR-322L and connect it to your wall outlet or power strip. Power is confirmed when the blue LED Power Indicator located on the front panel is lit.

#### Step 3:

Insert the DNR-322L CD in the CD-ROM drive. If the CD Autorun function does not automatically start on your computer, go to **Start > Run**. In the run box type **D:\autorun.exe** (where D: represents the drive letter of your CD-ROM drive) and click **OK**. When the autorun screen appears, click **Install** and follow the on-screen instructions.

#### Step 4:

Click on the **Start** button to launch the wizard and follow the instructions to set up and configure your NVR.

### mydlink Portal

After registering your DNR-322L NVR with a mydlink account in the NVR Installation Wizard, you will be able to remotely access your NVR from the mydlink website (www.mydlink.com). After logging into your mydlink account, you will see a screen similar to the following:

#### Step 1:

Open Internet Explorer and go to **http://www.mydlink.com**, then log into mydlink portal.

#### Step 2:

Select your NVR from the device list. Your NVR’s Live View will appear.

Refer to the User Manual (located on the included CD) for more information.

### Technical Support

Having trouble installing your new product? D-Link’s website contains the latest user documentation and software updates for D-Link products. U.S. and Canadian customers can contact D-Link Technical Support through our website or by phone.
