Wireless Presentation Gateway

FEATURES

Wireless Connectivity
+ IEEE 802.11g/b Compatible

Video Output Connectors
+ VGA
+ DVI-D

Resolution
+ Up to XGA (1024x768)

Multiple Presenter Support
+ Connect Up to 10 Presenters

Access an Internet Connection
+ Allow Presenters to Connect to the Web[1]

Compact Size
+ Small Form Factor for Easy Placement

No CD Required
+ Software Installs Directly from the DPG-2100

Overview
The D-Link Wireless Presentation Gateway (DPG-2100) allows presenters to wirelessly connect to a projector or monitor. Display presentations, applications, and images from several notebooks or desktops without connecting additional bulky wires. With just a few clicks you can begin your presentation in style and impress clients. Reduce the amount of downtime in meetings associated with multiple presenters and enjoy a more productive presentation experience.

Use Your Existing Monitor or Projector
The Wireless Presentation Gateway includes both VGA and DVI-D outputs making it compatible with the majority of projectors and monitors on the market today.

Wireless Connectivity
Based on the 802.11g wireless standard, the DPG-2100 is compatible with a wide range of wireless devices including legacy 802.11b wireless devices. This enables presenters to use their existing 802.11b wireless devices without having to incur additional costs from upgrading.

Display What You Want
The Wireless Presentation Gateway can handle any file format that your projector or monitor can support, including files produced by Microsoft® Office applications such as PowerPoint®, Excel®, and Word®. With audio support, you can liven up presentations with sound by connecting speakers to your projector or monitor.

Connect to the Internet
Allow presenters to access the Internet and integrate content from the Web into their presentations. Simply connect the DPG-2100 to an existing network via the Ethernet port and presenters will have Internet access[1].

Easy to Use
D-Link's management software installation process is simple. The software enables seamless delivery of presentations for multiple users by way of a simple Connect / Disconnect button.

Connect with confidence using the D-Link Wireless Presentation Gateway (DPG-2100) and enjoy a new and enhanced presentation experience.

BUSINESS

Wireless Presentation Gateway

Technical Specifications

Standards	+ IEEE 802.11g + IEEE 802.11b
Protocol	TCP/IP
External Antenna Type	Single Detachable Reverse SMA
Resolution	Up to XGA (1024 x 768)
Color Quality	16-Bit
Device Interface	+ 15-pin VGA + DVI-D
LED	Power/Status
Device Management	Connection Management Utility
Operating Temperature	14˚F to 122˚F (-10˚C to 50˚C)
Operating Humidity	5% - 95% (Non-condensing)
Dimensions	+ Item (WxDxH): 6.6" x 3.8" x 1.0" + Packaging (WxDxH): 10.8" x 8.1" x 2.6"
Weight	+ Item: 0.9 lbs + Packaging: 1.9 lbs
Certifications	+ FCC Class B + CE
System Requirements	Computer with: + 900MHz Processor + 256MB Memory + Windows® XP SP2 or Windows 2000 SP4 + Internet Explorer 6 or Higher or Mozilla Firefox
Warranty	1-Year Limited[2]

[1] Additional hardware devices, software, or services may be required for access to an Internet connection.
[2] 1-Year Limited Warranty available only in the USA and Canada.
