

End of Support Notice

DSN-2100-10 - xStack 4x1GbE iSCSI SAN Array

June 8, 2020

As of April 14, 2018, all revisions of this product model have reached its End of Support (EoS).

After the End of Support date:

- This model will not receive firmware updates, it will not receive device software updates, and it will not receive technical support.
 - This model's support information will be archived at <https://legacy.us.dlink.com>.
 - We recommend retiring these products and replace them with products that receive firmware and device software updates.
-
