Wireless AC technology delivers blazing wireless speeds

Supports 2.4GHz or 5GHz bands for reduced Wi-Fi interference

Push button setup for easy connection to a secure network

Wireless AC1200 Dual Band USB Adapter

Product Highlights

Delivers Dual Band connectivity for intelligent, versatile, interference-free bandwidth

Backward compatible with all of your current wireless products Quickly and easily establish a fast, secure home network that will have you browsing, streaming, and watching in minutes.

The Wireless AC1200 Dual Band USB Adapter (DWA-182) delivers powerful wireless AC technology to your desktop or notebook computer. Simply plug the adapter into an available USB port and connect to a wireless network to access a secure, high-speed internet connection – 2.4GHz (300Mbps) or 5GHz (up to 867Mbps)[1]. And with integrated Dual Band technology, you'll have reduced Wi-Fi interference to maximize throughput for faster streaming, gaming, and Skype calls.

Interference-Free Bandwidth

The Wireless AC1200 Dual Band USB Adapter(DWA-182) delivers Dual Band technology to your home network for intelligent, versatile, interference-free bandwidth. Check your email and surf the Internet on the 2.4GHz band; or game, make Skype calls and stream HD movies to multiple devices using the cleaner, interference-free 5GHz band. Whatever you like to do online, Dual Band has you covered.

DWA-182

Package Contents

- Wireless AC1200 Dual Band USB Adapter (DWA-182)
- USB Extension Cradle
- Quick Install Guide
- CD-ROM[6]

Minimum System Requirements

Computer with:

- Windows 7[®5], or Windows® XP SP2[5]
- CD-ROM Drive
- Internet Explorer® v7 or Mozilla® Firefox® v3.0
- 20MB Hard Disk Space
- USB Port[2]

For Internet Access:

- Cable or DSL Modem
- Wireless Router
- Subscription with an Internet Service Provider (ISP)

Suggested Products:

- D-Link Cloud Router 5700 Wireless AC1750 Dual Band Gigabit Router with USB(DIR-865L)

Features

- Draft IEEE 802.11ac, 802.11n, 802.11g and 802.11a Compliant[1]
- Dual Band N Technology for use in 2.4GHz or 5GHz Networks
- Wireless AC Technology for Superior Wireless Performance[1]
- Access Secure Networks using WPA™ or WPA2™
- Wi-Fi Protected Setup™ (WPS) Push Button for Easy Connection to a Wireless Network
- USB Extension Cradle for Placement Flexibility
- 24/7 Basic Installation Support[3]
- 1-Year Limited Warranty[4]

Easy WPS Push Button Setup

Quickly and easily establish a fast, secure home network that will have you browsing, streaming, and watching in minutes. It's as easy as push and connect!

Compatible With All Your Wireless Products

While the Wireless AC1200 Dual Band USB Adapter delivers cutting-edge 802.11ac speed to your home network, it's also backward compatible with all of your current wireless products – no updates or adapters necessary.

What is wireless AC?

802.11ac is a new networking standard that produces high-throughput wireless speed on the 5GHz band. What does this mean for your home network? Flawless HD video streaming, faster gaming, and lag-free Skype and Facetime calls, all with less Wi-Fi interference for smooth, lightning-fast performance. And while your home gains all the cutting-edge benefits of 11ac, D-Link's Wireless AC1200 Dual Band USB Adapter is also compatible with all of your current Wireless N products.

Technical Specifications

OS Support
- Windows 7, or XP SP3

Standards
- IEEE 802.11ac (Draft)
- IEEE 802.11n
- IEEE 802.11g
- IEEE 802.11a

Security
- Wi-Fi Protected Access (WPA™ & WPA2™)
- Wi-Fi Protected Setup - PIN & PBC

Diagnostic LED
- Activity

Antenna Type :
- Integrated antenna

Operating Voltage
- 5.0VDC ±10%

Current Consumption
- 500 mA

Operating Temperature

- 32 to 104 ˚F (0 to 40 ˚C)

Operating Humidity
- 10% to 90% (Non-condensing)

Dimensions
- 3.8″ x 1.1″ x 0.5″
  (97.3 x 29.1 x 13.5 mm)

Weight
- 0.05lbs (20.5 grams)

Certifications
- FCC Class B
- IC
- Wi-Fi
- Wi-Fi Protected Setup

Warranty
- 1-Year Limited Warranty[4]
