

Wireless N for flexible placement

Day/Night: See up to 15-feet in the dark

Sound/Motion Detection: Trigger recording and send email alerts

Wi-Fi Extender: Expands wireless range

Remote Viewing: View on iPhone®, iPad® or Android® with mydlink™ app

Cloud Camera 1150

Day/Night Network Camera

Product Highlights

All Day/Night Surveillance

Monitor your home or small office 24 hours a day, even in complete darkness

Enhanced Surveillance

Integrated sound and motion-sensing technology provides the peace of mind of round-the-clock surveillance

mydlink-enabled Cloud Access

Easy remote viewing and camera management on your mobile device or through the mydlink website

Day/Night Network Camera

The D-Link Cloud Camera 1150 (DCS-933L) delivers high-quality video for remote viewing on the mobile devices you already own. And with a built-in ICR filter and IR LEDs, you'll also get clear images in complete darkness to provide you with the ideal 24-hour monitoring solution. Its compact design means it can be placed virtually anywhere in your home or small office, and with a built-in microphone you can see and hear more of what matters most.

Audio/Motion Sensing Technology

Integrated sound/motion-sensing technology detects changes within the camera's environment, triggering instant email alerts and even auto-recording. Round the clock notification delivers an additional layer of security and confidence.

Features

- Remotely Monitor Your Home or Office Over the Internet
- IR LED for Night Viewing
- 1.0 Lux for Low-light Environments
- 4x Digital Zoom For Close-up Viewing
- Built-in Microphone¹
- Real-time H.264 and MJPEG Video Compression
- Sound and Motion Detection to Trigger Recording and Send E-mail Alerts
- iPhone®, iPad®, or Android® App for Remote Viewing²
- mydlink.com Portal for Easy Viewing and Management
- Administrator/User Password Protection
- UPnP® Support for Network Setup & Configuration
- IEEE 802.11n and 802.11g Compliant
- Wi-Fi Protected Setup™ (WPS) Push Button for Easy Network Setup
- Extender Mode for Expanding Wireless Range
- 24/7 Basic Installation Support³
- 1-Year Limited Warranty⁴

Minimum System Requirements

Wired (10/100 Fast Ethernet) or Wireless (802.11g or 802.11n) Network (Wireless N network recommended for optimum wireless performance)

Computer with:

- 1.3GHz Processor
- 128MB Memory
- Windows® 8, Windows® 7, Windows Vista® and Windows® XP SP3®, or Mac OS X (10.5 and above, Intel Processor)
- Internet Explorer® v6, Mozilla® Firefox®, Google® Chrome, or Safari® v4

For Internet Access:

- Cable or DSL Modem
- Subscription with an Internet Service Provider (ISP)

Package Contents

- Cloud Camera 1050 (DCS-933L)
- Ethernet Cable
- Power Adapter
- Camera Base and Mounting Kit
- Quick Install Guide

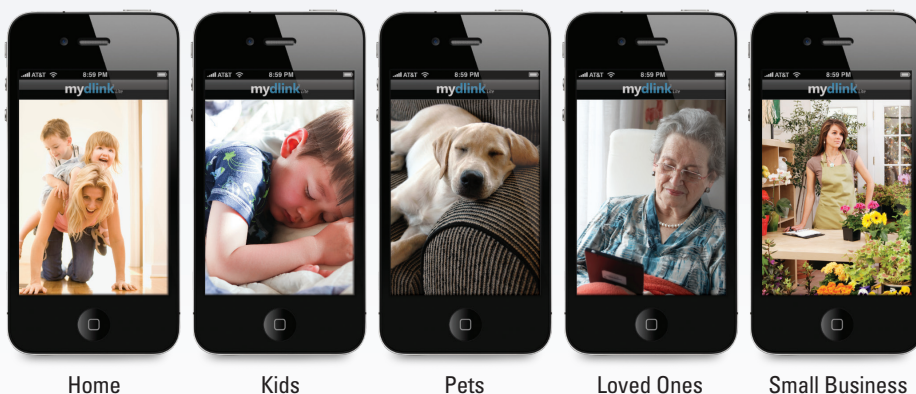

Network Camera with mydlink

Enjoy the freedom and assurance of both local and remote viewing with the free mydlink Lite app for your iPhone®, iPad® or Android® device. Experience the peace of mind of seeing your loved ones and valuables with your own eyes, whenever and wherever you want with D-Link's Cloud Camera 1150.

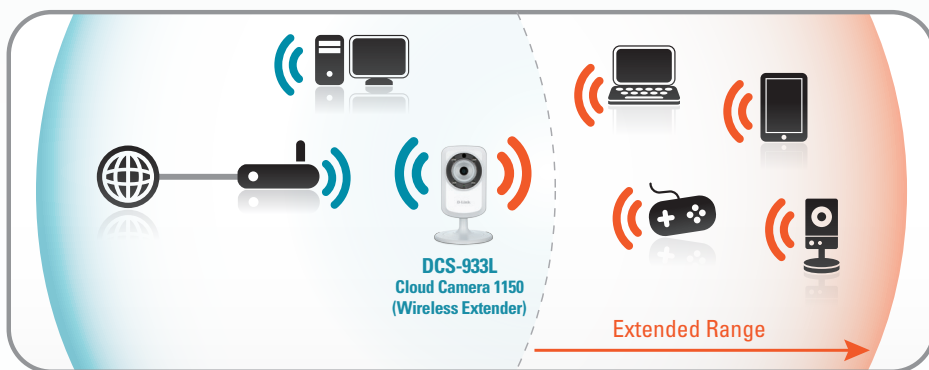

Make Easy Setup Even Easier – With Zero Configuration

Connecting your D-Link camera with any router is easy – make it even easier with your D-Link Cloud Router. Zero Configuration automatically configures and intelligently syncs your D-Link camera to your mydlink account – it's as easy as connect and view!

Easy Installation, Professional Performance, Anywhere Access

Wi-Fi extender can help boost network signal to reduce dead spots
